

TO: EMS System

FROM: Laura Wallin, RN, EMS Specialist *lw*

SUBJECT: Inland Valley Medical Center and Rancho Springs Medical Center designated Stroke Ready Hospitals

DATE: May 22, 2014

The Riverside County EMS Agency (REMSA) is pleased to announce that Inland Valley Medical Center and Rancho Springs Medical Center have fulfilled all of the obligations necessary to be designated as a Stroke Ready Hospital in Riverside County. Beginning at 0001 hours on May 25, 2014 (the night of May 24, 2014), base hospitals may send patients identified in the prehospital environment as possible stroke patients to Inland Valley Medical Center or Rancho Springs Medical Center. Please ensure that all necessary personnel are informed of this designation.

Please join us in welcoming Inland Valley Medical Center and Rancho Springs Medical Center to our growing family of designated Stroke Centers in Riverside County.
